

Community Service

Our Explorer Post encourages our members to participate in at least one Post 169 community service project each year.

We have held food drives for the benefit of the Monmouth/Ocean County Food Bank for the past two years and in 2013 we will staff a children's game booth at the JSUMC Community Day on September 15, 2013.

At the annual awards dinner Explorers will receive a certificate documenting their community service hours.
